Hi John,

I just wanted to you know that I have started taking Neruontin Tabs as of 2 weeks ago. My back was in spasm and I felt I had no choice but to take them, I am now currently taking 2 * 100gm's daily.

My apologies for not contacting you but I have been laid up for a while.

If you could update your records to show accordingly, and add them to my next Prescription.

Will be in soon to see you and I would like your opinion with the attached file that might help me. So please let me know when I am in your office.

ACTIVE ENNIS LEISURE COMPLEX
Highfield Road, Ennis. Tel: 065 6821604
